|              |   |    |      |
|              |   |    |      |

do you think they live?

## Can you name three animals that live in the water?

Habitats provide food, safety, and shelter for different types of animals. Your house is like a habitat for you!

## Match the Animal to its Habitat!
