

Welcome to new players and Welcome back to others!

This year we have a grant from USChess to elevate our program and offer chances for players to earn ratings and keep chess as a lifelong hobby. Another goal that we have for this year is to write a lesson book using what we have learned. We will organize the book to include students' perspectives on top players and positions from their own games.

We will play casually tonight and follow the schedule below for the rest of our time.

Each month

Week 1 (structured play with clocks)

Week 2 lesson from Jenny 4:45-5:15; casual play

Week 3 top player games and writing our book

Week 4 lesson from Jenny 4:45-5:15; casual play

White to move: Checkmate 1 move Draw the move on the problem.

Black to move: Checkmate 1 move Draw the move on the problem.
